# **TFI TAB FOOD INVESTMENTS INC. AND GROUP COMPANIES SUSTAINABILITY MANAGEMENT PROCEDURE**

	<b>DOCUMENT NAME: SUSTAINABILITY MANAGEMENT PROCEDURE</b>	
	<b>Issue Date: 03.12.2024</b>	<b>Revision Date: -</b>
	<b>Page No: 2/10</b>	<b>Revision No: 00</b>

## 1.0 PURPOSE

This procedure has been prepared for the purpose of developing and implementing a comprehensive and integrated sustainability strategy and regularly monitoring and evaluating the effectiveness of this strategy in order to ensure the long-term success of TFI TAB Food Investments Inc. and Group Companies by taking into account their sustainability processes, economic, environmental and social aspects. In line with this purpose, the procedure aims to guide the company in achieving its sustainability goals by defining the duties and working principles of the sustainability committees, boards and working groups.

## 2.0 SCOPE

This procedure covers TFI TAB Food Investments Inc. and all Group Companies.

## 3.0 DEFINITIONS

**TFI:** TFI TAB Food Investments Inc.

**Group Companies:** TAB Gıda Sanayi ve Ticaret A.Ş. (“TAB Food”), Fasdat Gıda Dağıtım Sanayi ve Ticaret A.Ş. (“Fasdat Food Distribution”, “Fasdat Food”), Fasdat Sebze Doğrama Paketleme Sanayi ve Ticaret A.Ş. (“Fasdat Vegetable”), Ata Sancak Acıpayam Tarım İşletmesi (“Ata Sancak”), Atakey Patates Gıda Sanayi ve Ticaret A.Ş. (“Atakey Potato Food”, “Atakey”), Ekur Et Entegre Sanayi ve Ticaret A.Ş. (“Ekur Meat Integrated”, “Ekur Meat”), and Ekmek Unlu Gıda Sanayi ve Ticaret A.Ş. (“Ekmek Baked Goods”)

**TFI Board of Directors:** The Board of Directors consists of the Chairman, Vice Chairman and members. The Vice Chairman of the Board of Directors also serves as the CEO of TFI TAB Food Investments Inc.. TFI Board of Directors is responsible for shaping the sustainability strategies of TFI TAB Food Investments Inc. and Group Companies. It leads the entity’s long-term value creation goals by considering environmental, social and governance (ESG) factors. Approval mechanism of the processes is executed by the Chairman of TFI Board of Directors, Vice Chairman of Board of Directors and the CEO.

**Sustainability Coordination Board:** It acts as a strategic body formed to determine the framework of the sustainability strategy of the TFI TAB Food Investments Inc. and Group Companies, to monitor performance and to provide guidance in this regard. Decisions proposed by the Board are reported to the TFI Board of Directors and the Corporate Governance Committee by the Sustainability Coordination Board.

**Sustainability Boards of Group Companies:** Operational and practice-oriented structures formed for the purpose of implementing sustainability strategies specific to each company within the Group Companies within TFI TAB Food Investments Inc. and working in harmony with TFI Sustainability Coordination Board. Each Group Company Sustainability Board includes a manager with relevant technical expertise to enable

	<b>DOCUMENT NAME: SUSTAINABILITY MANAGEMENT PROCEDURE</b>	
	<b>Issue Date: 03.12.2024</b>	<b>Revision Date: -</b>
	<b>Page No: 3/10</b>	<b>Revision No: 00</b>

that decisions are made and approved in an effective and healthy manner. The Board participates in the TFI Sustainability Coordination Board meetings twice a year and provides information.

**Working Groups:** The infrastructures that play a role in putting into practice the strategic priorities determined by the TFI Sustainability Coordination and Group Companies Sustainability Boards. These groups are practice-oriented teams that specialize in specific topics and support the achievement of sustainability goals.

All committee, board and working group members are determined according to their expertise and competence levels, and continuous improvement of their knowledge and skills is ensured in critical areas such as Carbon Footprint Management, Climate Risk Scenarios and Sustainability Financing within the scope of ESG.

#### 4.0 DUTIES AND RESPONSIBILITIES

##### 4.1 TFI Sustainability Coordination Board

- It determines the long-term sustainability vision and strategies of the TFI group, reviews them regularly and updates them if necessary.
- It determines and approves the sustainability policies, core procedures and business processes of the TFI group before submitting them to the Board of Directors for approval.
- It ensures that all Group Companies are aligned with sustainability strategies at group level.
- When deciding on investments in line with the strategy and goals, it ensures that environmental aspects such as carbon reduction, energy efficiency, circular economy and social impact aspects such as fair working conditions, social benefit, diversity and inclusion are taken into account in addition to their financial impacts.
- It assesses environmental, social and governance (ESG) risks and opportunities that Group Companies might face and recommends risk management policies at group level.
- TFI Sustainability Coordination Board works in integration with TFI Early Detection of Risk Committee and Audit Committee, particularly the Corporate Governance Committee, in all governance processes, especially the identification of risks and opportunities. The impacts of ESG risks and opportunities on the company, their mitigation status and relevant developments are evaluated by the Sustainability Board on a quarterly basis. The results and potential impacts of these evaluations are prepared as a report, shared with TFI Risk Department and submitted to the Early Detection of Risk Committee, thus, ensuring that strategic actions are taken in a timely manner.
- It supports the setting of the annual targets of Group Companies and regularly monitors and evaluates the achievement rates and sustainability performance of the annual targets set by the Group Companies.

#### **4.3 Working Groups**

- It plans and implements thematic operational activities in line with the sustainability strategy determined by the Sustainability Coordination Board and the Group Companies' sustainability boards.
- It transforms sustainability goals into business plans, and structures and tracks their implementation processes.
- It creates concrete action plans for the goals set, determines resource needs, details the implementation process and reports to the Sustainability Boards.
- It develops and implements projects in relevant sustainability areas and reports their results.
- It monitors and implements sustainability efforts carried out at operational level and takes preventive/remedial actions when necessary.
- It monitors and analyses performance data on sustainability activities that fall under the operational control of the working group and regularly reports them to the Sustainability Board.
- It develops solution recommendations for difficulties encountered in operational activities that fall under the operational control of the working group and presents them to the Sustainability Board.
- It participates in Working Group meetings regularly.
- It takes action on the issues determined at meetings.

### **5.0 IMPLEMENTATION and WORKING PRINCIPLES**

#### **5.1 Meeting Frequency:**

- TFI Sustainability Coordination Board meets at least twice a year for general issues and 4 times a year for ESG risks and opportunities, their impacts on the company, their mitigation status and relevant developments. Meeting outcomes are presented as a report to the Corporate Governance Committee.

	<b>DOCUMENT NAME: SUSTAINABILITY MANAGEMENT PROCEDURE</b>	
	<b>Issue Date: 03.12.2024</b>	<b>Revision Date: -</b>
	<b>Page No: 6/10</b>	<b>Revision No: 00</b>

Decisions that pass the preliminary evaluation of the Committee are presented to the Board of Directors.

- Sustainability Boards of Group Companies meet at least twice a year. Meeting outcomes are compiled into a report and necessary topics are presented at TFI Sustainability Coordination Board meetings.
- Working Groups meet at least 4 times a year (quarterly meetings). Meeting outcomes are compiled into a report and presented to the sustainability board of the relevant Group Company.
- Meeting frequencies mentioned are not limited to these periods and can be increased according to need.
- Meetings may be held face-to-face or online.

## 5.2 Board Structures:

- **TFI Sustainability Coordination Board:** The departments responsible for processes covering the company's Environment, Social, Financial and Governance issues are members of this committee. In this context, the committee consists of TFI Sustainability, TFI Internal Control, Compliance and Risk Management, TFI Finance, TFI Human Resources, and managers with technical expertise representing the sustainability board of each Group Company. The TFI Sustainability Coordination Board functionally reports to the Corporate Governance Committee. The Corporate Governance Committee ensures the strategic management of the process by conveying the decisions taken and actions determined based on meeting outcomes to the Board of Directors. TFI Sustainability department is responsible for organizing sustainability coordination board meetings, implementing and coordinating the decisions made.
- **Group Companies Sustainability Board:** The Group Companies within TFI TAB Food Investments Inc. include representatives of the members consisting of the departments that manage activities covering Environmental, Social, Financial and Governance issues. Board members should be trained on general sustainability issues, and each committee should include at least one ESG expert. If necessary, the level of expertise can be increased through independent sustainability consultants or internal training. In this context, the board consists of representatives with different areas of expertise such as Sustainability, Finance, Human Resources, Production, Operation, Occupational Health and Safety, Supply Chain, Quality and Environment, and Risk Management. Each Group Company has at least one manager representing the relevant company on its board. Representatives communicate the meeting outcomes and decisions made to the TFI Sustainability Coordination Board.
- **Working Groups:** These are subgroups formed by representatives of the departments of the Group Companies with relevant responsibilities, at least on the following topics or on topics

	<b>DOCUMENT NAME: SUSTAINABILITY MANAGEMENT PROCEDURE</b>	
	<b>Issue Date: 03.12.2024</b>	<b>Revision Date: -</b>
	<b>Page No: 7/10</b>	<b>Revision No: 00</b>

determined according to the results of the materiality analysis of that year. Members of these groups are persons who have internal company responsibilities on the same topic.

#### Relevant Topics;

- **Environmental:**

- **Energy Efficiency** Energy types used, total energy consumption and renewable energy usage metrics
- **Carbon Footprint:** Greenhouse gas emissions and efforts carried out to reduce these emissions
